

The screenshot displays the IBM Cognos Analytics interface. On the left, a sidebar shows the 'Selected sources' section with '50_Startups.csv' expanded, listing fields like R&D Spend, Administration, Marketing Spend, State, and Profit. The main area features a 'Profit' chart, a circular bubble chart with three series: '1 Driver' (blue), '2 Drivers' (orange), and 'Combination' (green). Below the chart is a 'Search drivers' section with a table of drivers and their percentages.

Drivers	%
R&D Spend and State	88
R&D Spend	84
Marketing Spend and Administration	61
Marketing Spend	52

On the right, the 'Fields' panel shows 'Target*' as a required field and 'Profit' as a selected field. Below it, the 'Local filters' section is empty.
